

Effective Date: 3/25/2025

Role(s): Clinical/Provider

Updated Direct Bilirubin Reagent

Due to an updated assay reagents and internal validation studies, the normal reference range for direct bilirubin at all MH/NorDx sites will be changed as follows:

- The updated reference range will be 0.0-0.4 mg/dL (old reference range is 0.0-0.3 mg/dL).

Please reach out to Dr. Tarek Hammour, Maine Medical Center Portland Medical Laboratory Director, with questions at Tarek.Hammour@spectrumhcp.com

For any processing or specimen collection questions, please refer to the NorDx test catalog at <https://nordx.testcatalog.org/>.

If you have any other questions, please contact NorDx Customer Solutions at 207-396-7830.
